What Kidneys for Life raise money for

Kidneys for Life raises money to enable research into kidney disease, transplantation and dialysis. The research teams at the MRI, Salford Royal and the Children's Hospitals have a proud history of being at the forefront of many acclaimed scientific discoveries. The research work undertaken by the teams offers real hope for patients both now and in the future.

We also support the Children's Transplant Games which enables children who have received transplants to complete in various sporting activities

I have read this statement and want the charity above to reclaim tax on the donation detailed on this form, given on the date shown.
